Foreword

We, the seniors of 1919, are happy in the presentation of this ninth volume to our fellow students and friends of Ohio Northern University.

We have striven to make this volume representative of school life. "Lest you forget," we have attempted to recall different school activities, and if we succeed in keeping Old Northern fresh in your memories, then we are content.

Historical Sketch

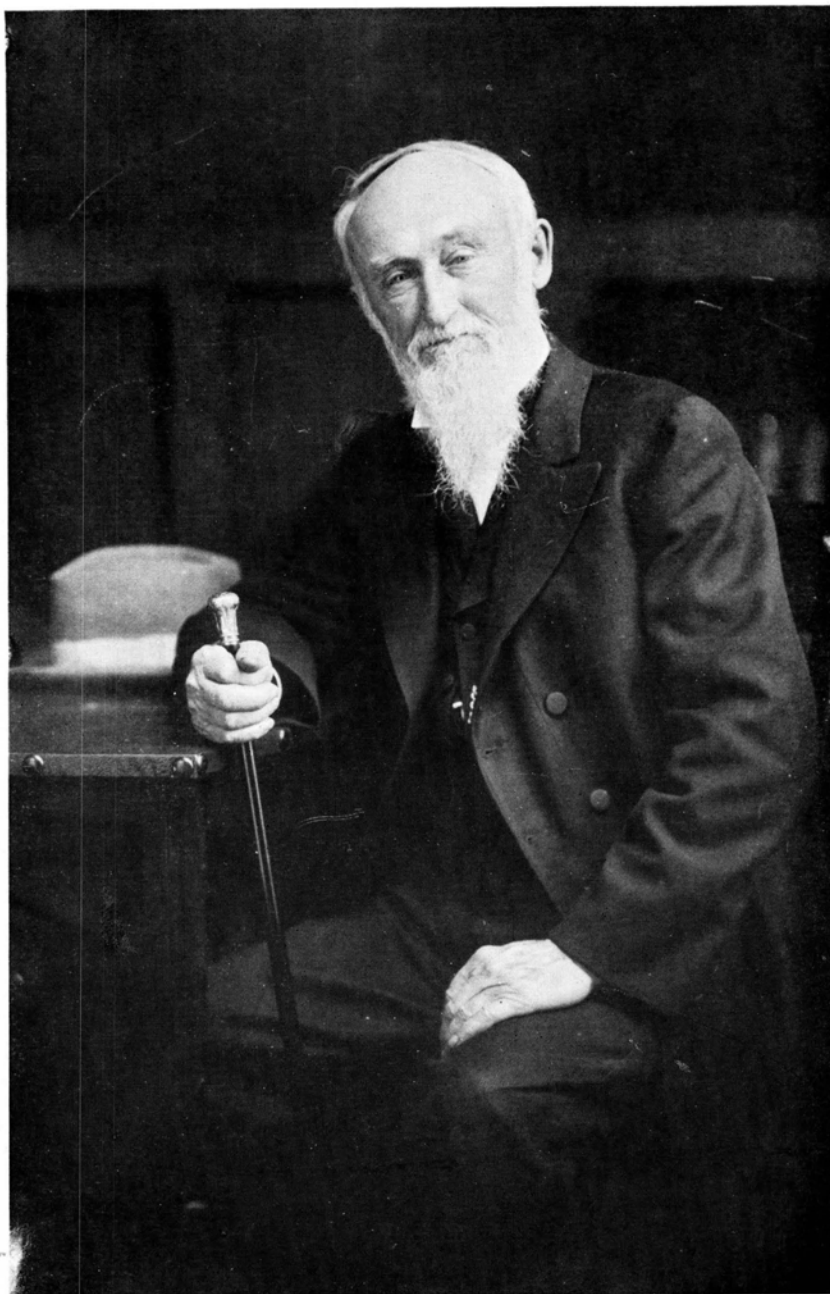

The Ohio Northern University had its origin as a select school April 9, 1866, when Henry Soloman Lehr became its only instructor of fifty-six students. The select school lasted five years, till the fall of 1871.

The name was then changed to Northwestern Ohio Normal School, the first term beginning August 14, 1871. During the years of the select school there was only one Literary Society, organized in 1866. August 18, 1871 the Franklin and Philomathean Literary Societies were organized. Besides the regular normal and college work, penmanship, bookkeeping, Science of Government, and Parliamentary Law—not found in the old college—and surveying, were offered at this time. In the second year of the Normal School English was added to the course. In the third year there were ten teachers and three Literary Courses: Normal, Scientific, and Classical. In the fourth catalogue is found a new department, Telegraphy. In the school year 1876-7 the Normal School, then located at Fostoria, Ohio, was bought by and incorporated in, the Normal at Ada. In the ninth year 1879-80, there was added a "Fine Arts" department. In the tenth year are found the new departments of Stenography, Mechanical Engineering, Architectural Drawing, and Elocution. The increase in enrollment over the previous year had been 45%, the result of increased facilities; a new building, until a few years ago known as the Administration Building, had been completed. In the school year 1883-4 was started the course in Civil Engineering and Architecture. The number of teachers was twenty-six. In 1884-5 the Military department was begun; three companies were announced. Wonderful strides were made during the school year of 1884-5.

The United States Government recognized the institution and appointed Lieut. Roberts as commandant. This year also were organized the College of Law and one year's course in Medicine. J. Ross Lee, an Ann Arbor graduate, was the first Dean in the College of Law, and Dr. J. H. Coleman had charge of the College of Medicine. The department of Medicine continued but two years, as the facilities were inadequate. This year the name of the school was changed to Ohio Normal University. In the catalogue announcement for 1886-7 is found the announcement of the College of Pharmacy. Charles Ashbrook was the Dean.

In September, 1898, the Central Ohio Conference of the Methodist Episcopal Church contracted to buy the university, but the sale was not completed till in August, 1899.

Lastly, in 1904, the name of the school was changed to Ohio Northern University.

O. N. U. March Song

Dear Old Northern! 'Tis of thee we sing
The fairest spot in all this land so free;
Love and honor to thee we would bring,
Our praise and loyalty are all for thee.
Alma Mater! Thru the coming years,
Thy sons- and daughters we shall ever be.
Our hopes, our fears, our joys and e'en our tears
Shall mingle with our memories of thee!

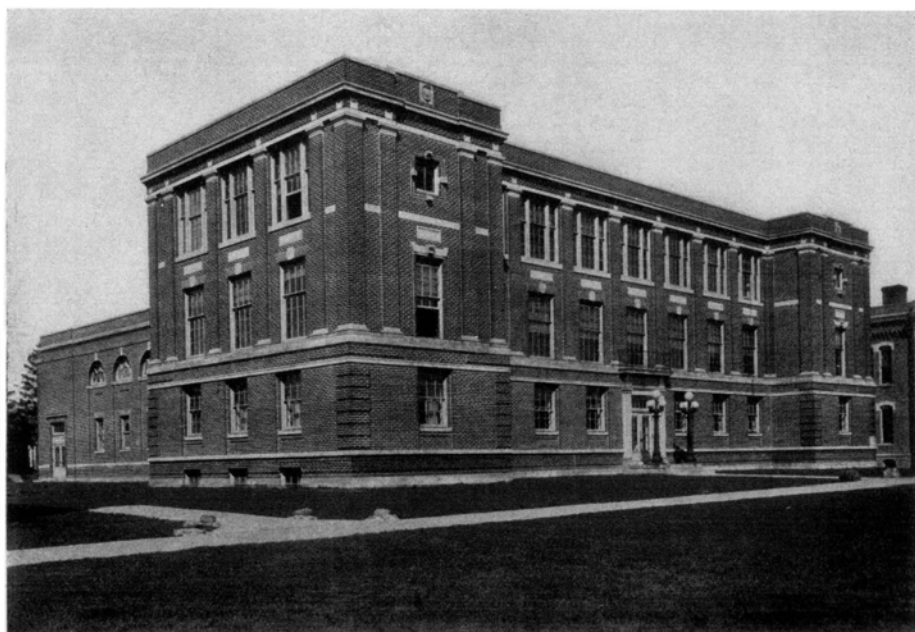

CHORUS

"O-H-I-O" is our cry—oh,
Let us shout for O. N. U. !
Never fear, our college, old and dear,
Shall find tis ever loyal and true blue.
"O-H-I-O" — tho the years fly—oh,
We will be forever true;
May we ever honor thee, and never
Cease to love thy name, our O. N. U. !

Dear Old Northern! When at last we part,
Oh, may thy blessings speed us on our way;
May we ever strive with hand and heart
In gratitude thy teachings to obey.
Though along our pathway there may be
The trials and temptations of life's game—
The thought of thee shall spur us on to be
True sons and daughters worthy of thy name!

FOR a great number of years Northern has had one of the strongest military departments in the State. This year has experienced more military than ever before, due to conditions incident to the war, which brought to us the Students' Army Training Corps and the Students' Navy Training Corps; being organized on October 1, 1918 for the purpose of training our college men in Military Law and Tactics to qualify for Officers' Training Camp, where Northern blood made good and was strongly represented. The S. A. T. C. and S. N. T. C. were disbanded on Dec. 20, 1918.

Through the efforts of the University the Reserve Officers' Training Corps was established and the work of the new military organization under Captain Ball, began on March 5, 1919. The purpose of the R. O. T. C. is to keep prepared for future emergencies and which also put our men in line for commissions.

Each spring term the last week is devoted to Military Contest, in which much rivalry is developed, and much interest is manifested, due to the prize which is given to the best drilled company.

SOCIETY MAKES BIG SACRIFICE

At the time when the University officials were searching for suitable quarters for the S. A. T. C. barracks the Adelphians offered the use of their large hall, the society being willing to suspend its work in order to aid in winning the war.

Seats and furniture were removed and the hundreds of books placed on the shelves of the school library. Within a week the large room had been transformed from a literary hall into a regular barracks. The soldiers occupied the room from October 21 until December 20, when they were mustered out.

During the military work no meetings were held as the soldiers were given only one night's leave of absence during the week. This meant a loss of enthusiasm for the literary society.

With a dark future, the remaining members of the organization began the reconstruction work after the soldiers had been mustered out. With an expenditure of nearly one hundred dollars the hall was placed in its normal condition and meetings resumed.

WITH THE ADELPHIANS

Victor Moses acted as president of the society during the summer term, 1918. The meetings were well attended and the society placed on a good financial basis.

Art. O'Leary headed the Adelphians in the fall quarter. After conducting several meetings, Mr. O'Leary was called to an officers' training camp.

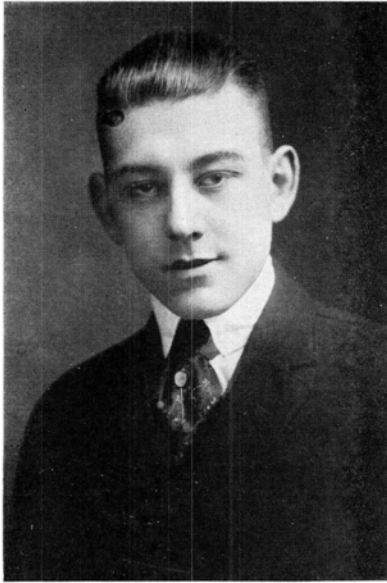

Franklin Fantz represented the Adelphians at the annual Washington birthday celebration at chapel. He gave as his oration, "Incidents From the Life of Washington."

With some of the best material in the school the Adelphian basketball candidates have been practicing hard for the game to be played late this season with the Philos. Robert Darnell was chosen manager.

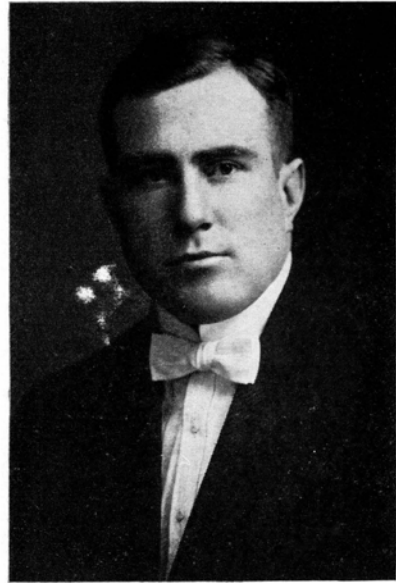

Although no orchestra was organized this year, the musical numbers have been the features of the programs. An Adelphian quartet composed of Miss Hazel Dobbins, Miss Edith Retterer, Fowler Harper and Franklin Fantz gave several selections during the winter term.

Eugene Wetherill, president during the spring term, is county clerk-elect of Hardin County.

WINTER TERM, 1918-'19

Just as soon as the war department had released the students from the S. A. and S. N. T. C., the Adelphians started their extensive program for the winter quarter. B. H. Focht was elected president and plans made for one of the most successful terms of many years. Extraordinary programs and social hours were bringing hundreds to the meetings despite unsettled conditions.

SPRING TERM, 1919

Headed by Eugene B. Wetherill, the society continued its great work in the spring quarter. After a few meetings the students were aroused and gradually the attendance and interest increased.

With the spirit shown in the winter and spring terms next year ought to see the Adelphians having their most successful year in history.

The Fall Term began with very interesting programs and with the promise of a successful term for the society with the enthusiastic President, Mr. Specht.

Several social evenings were enjoyed by the Philos and their friends.

The month of October saw Philo Hall transformed into barracks for the S. A. T. C. of O. N. U. We were glad the Philos could aid that much in the patriotic cause.

The regular society work was greatly interfered with because of the ban being put on public gatherings just at the opening of the new term; nevertheless we had four good programs at first and we are hoping for the winter term to be the best yet in "Philodom."

The Winter Quarter started out with renewed vim and vigor after the long vacation, and every society member was truly glad to be back in old Philo Hall.

Many new members were secured this quarter. The Philos have at last decided to distinguish themselves from other societies by having a Philo pin with the colors, for each member.

All of the programs were interesting and show also that we have talented musicians, orators, readers, and last but *Not Least*, "Extemporaneous Debaters."

Much credit is due our president, Mr. Nelson, and other officers who worked so faithfully to put the society in a thriving condition for the new corps who will take up their work in the Spring Quarter.

With capable and efficient leadership the year 1918-19 has been one of exceptional accomplishment for Ohio Northern's Y. W. C. A.

It has been our paramount aim to live up to our motto, "All things for all girls," and an especial effort has been put forth to make every O. N. U. girl a "Y" girl.

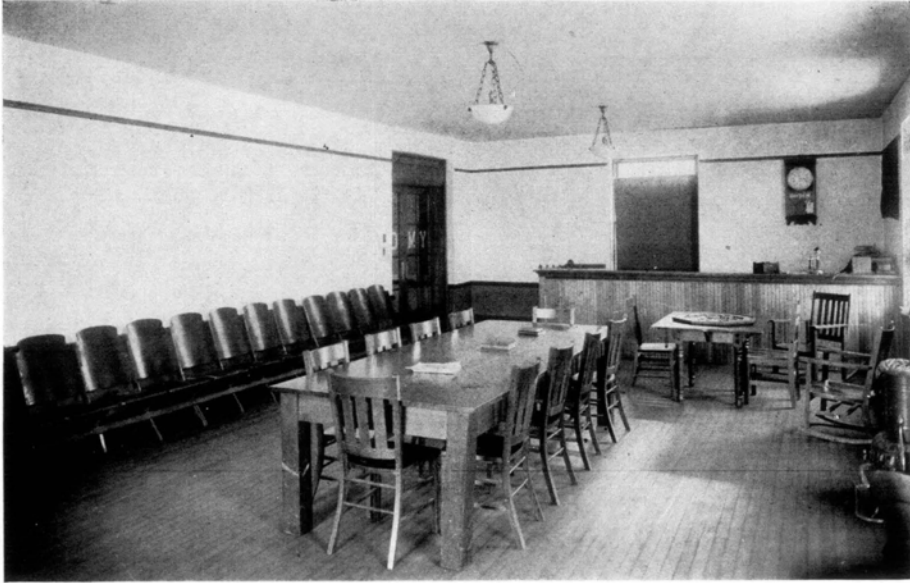

Religious meetings held each Wednesday night at six-thirty, and led by prominent people about school have had both an intellectual and moral significance.

The social life has been well provided for by "mixers," "hikes," parties, "teas," and "sings." We have been congratulated on having held the largest reception in the history of our association. It was held at the city armory in honor of our S. A. and S. N. T. C. men. The President, the Faculty, all local ministers, other prominent citizens of the city, and all students were in attendance.

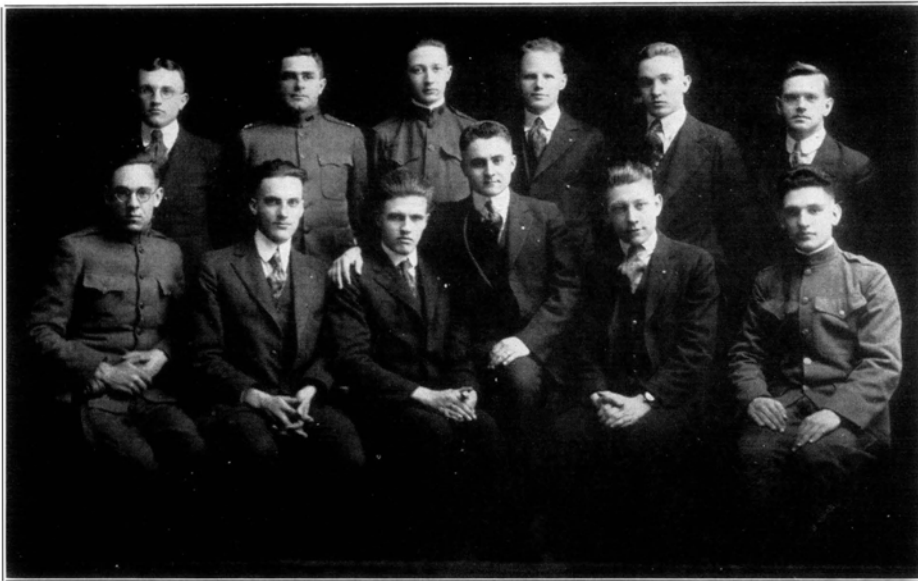

The co-operation of the entire student body has made possible the Conferences and Conventions fund. We have had representatives in attendance at the National Y. W. C. A. Conference at Evanston, Illinois; at the Northwestern Student Council at Bluffton; and Northern Ohio Student Volunteer Convention at Wooster. Means are being provided for sending delegates to the National Conference at Eagle's Meer, Pa.

The Association sustained a great loss from the Advisory Board in the person of Mrs. Mart Gary Smith, who recently removed to Pennsylvania where she will take up work in a much larger field.

Nevertheless, with the recently elected officers, the year 1919-20 promises to be one of practical and effective work. These officers are as follows: President, Khiva Harvey; Vice-president, Marjorie Warren; Secretary, Ruth Snyder; Treasurer, Esther Parson; and Advisory Officer, Miss Pauline Christie.

During the fall quarter when the Army and Navy units were stationed here, O. N. U. enjoyed the aid of a general secretary placed here by the national Y. M. C. A. The work of Rev. Turner in the capacity of secretary was much appreciated by all. The splendid lectures, amusement, advice, etc., provided for the men made their period of service here seem just like being at home.

The present year found the organization back to its school basis, being haaded over to a student cabinet under the leadership of Mr. Erickson. Mr. Erickson, however, finding his school work too heavy resigned. Mr. Nelson was chosen to succeed him in the fulfillment of the duties of this office.

With the start that Mr. Erickson gave the association, and in the face of the work being done by the present cabinet, in which is included the intnoduction of a department of physical instruction under the leadership of Capt. Ball, there is no reason why the association, with the aid of the student body, should not make the spring quarter the most successful one in the history of the O. N. U. Young Men's Christian Association.

O. N. U. Branch of the A. I. E. E.

The Ohio Northern Branch of the American Institute of Electrical Engineers was organized, Feb. 21, 1912, and has always ranked high with the branches of other engineering schools of the country.

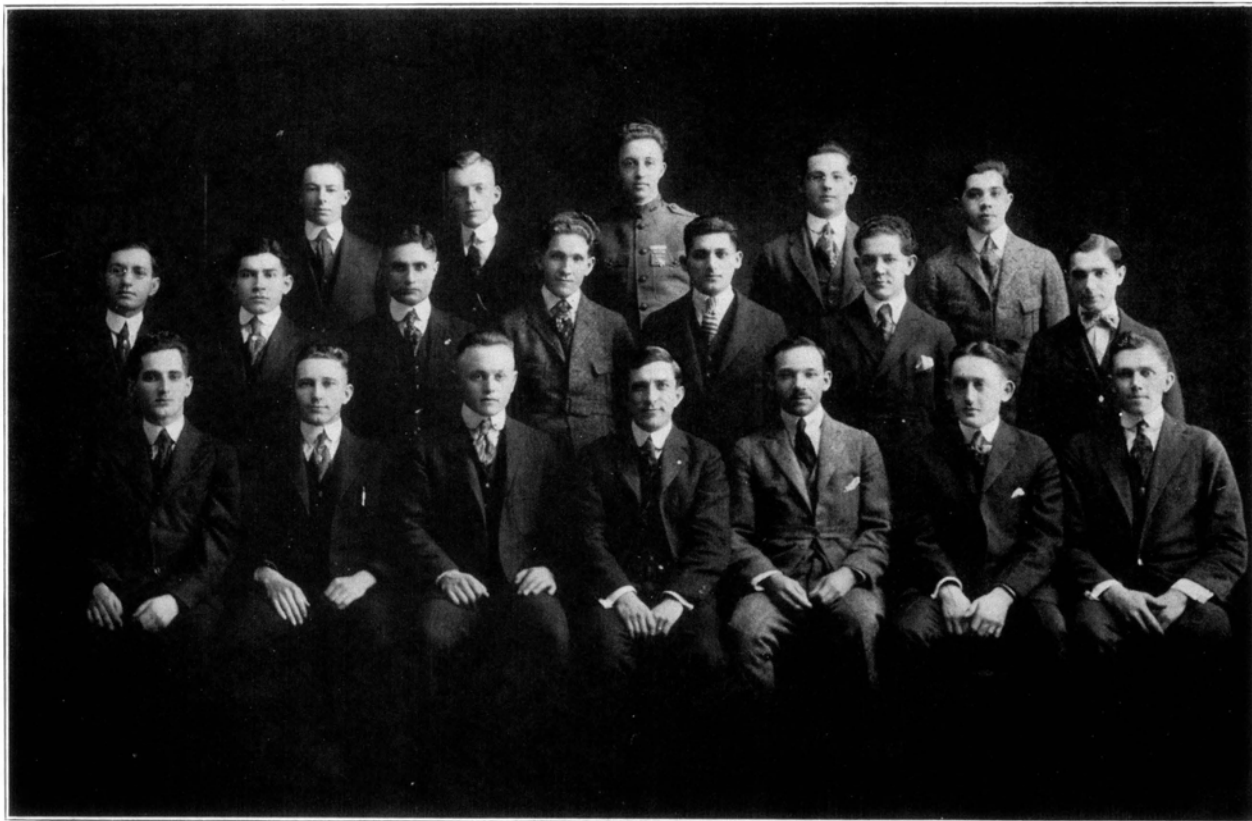

Although the A. I. E. E. discontinued its meetings during the time of the S. A. T. C., the O. N. U. Branch was one of the few of the country to remain active throughout the war time.

The A. I. E. E. is a national organization devoted to the development of the Electrical Industry and student members have practically all the benefits of associate members. All students enrolled in electrical studies are eligible for student membership and every one is welcome at the meetings.

O. N. U. Chapter of the A. A. E.

The Ohio Northern Chapter of the American Association of Engineers was organized, Feb. 24, 1919.

The objects of the association are, to raise the standard of ethics of the engineering profession and to promote the economic and social welfare of engineers, especially by :

Affording means for the interchange of information beneficial to members of the engineering profession ; maintaining a service clearing house for the benefit of the members, influencing proposed legislation affecting the engineering profession and taking any action necessary or advisable to safeguard the profession's welfare, promulgating' the association's ideas through proper publicity, and fostering a brotherly spirit among engineers.

“Club Brasileiro”

Founded by the first Brazilian students who sought an education at this University, the Brazilian Club of Ada has no graphically recorded history previous to 1914.

After that date, however, the Club became a social necessity for Brazilians, in as much as it promoted friendly acquaintance among themselves, in particular, and in general, among the other O. N. U. students.

Notwithstanding the fact that the Club is a local organization, it follows, in a strict parallel, the same purpose of the Brazilian Students' Association—the bringing about of a better, clearer understanding between South and North-Americans.

Latin-American Club

The Latin-American Club was organized early in 1918, with the purpose of bringing closer together the O. N. U. students of Latin-America, thus affording them a better opportunity for intellectual and social activities.

A Constitution was adopted at the time of its organization and it has been revised this year.

Latterly, the Club has joined the Federation of Latin-American Students, whose aim is much like the Club's—to promote in its best fashion a solid and enduring friendship among representatives of various Latin-American countries.

Saint Cecilia Society

The Saint Cecilia Society of O. N. U. was organized in the fall of 1918 by the ladies in the College of Music for the purpose of promoting interest along musical lines.

The meetings of the Society are held every two weeks and very interesting programs were given.

Both musical and literary talent were given opportunity for expression. Some very interesting and intelligent papers were written on the lives of some of the great musical composers and some on the different musical instruments. Besides this, great talent was expressed in vocal, piano, violin, and pipe organ music.

The Society is now established and will be a permanent organization for all girls in the College of Music.

The primary aim of the Ohio Northern Pre-Medical Association is to endeavor to give its members a perspective of the vastness of the field of medicine and surgery, and the imperative necessity of being well prepared for its practice. They are encouraged to take up the study of medicine chiefly for altruistic purposes, than for any pecuniary benefit that may be derived thereby. The Association was organized in 1916. Long may it live in usefulness.

Gaul's "Holy City" will be presented at Commencement time. The Society will be very ably assisted in the concert by the Ada Symphony Orchestra and several out of town soloists.

Next year the Choral Society will be increased in numbers, and will present two standard works as usual. An Artists' Course of five numbers will also be presented.

PROF. W. D. NISWANDER	Leader

At present the world is in tremendous turmoil. Now is an unprecedented opportunity. We must be ready and willing to grasp it ere it fades away.

The ideals of the nations are undergoing a transformation. The old standards are torn away and new must take the place of the old. Nothing can ever be the same again.

Men are now citizens of the world. Provincialism is a thing of the past. Our policy of isolation is useless. It is no longer a fact. We have begun to see that all peoples of this world are brothers of ours, and that right and justice must be judged by the same standard the world over. Although not thoroughly acquainted with the environments of all the people of the world, we are more lenient in our opinions in regard to them.

Just now new problems of peace are arising. New nations are being made which you and I can hardly locate, although their people were our allies in France. And new national obligations are arising. We believe the great international need is true Christian co-operation. This requires strong, red-blooded Christian leaders. We believe, also, that a thorough comprehensive study of the world facts plus an injection of the practical religion of Jesus Christ will guide the tide of interest into a desire to forward the World Christian Program by intensifying the feeling of brotherhood, and it will find expression in the offering of life and means to the Cause. Therefore we organized The World Problem's Forum, a class for the informal discussing of the Great World Problems.

We have won the Great World War. But the principles for which we fought are not yet safe.

We fought to save Democracy from the Autocratic, Militaristic, Materialism of Germany. We have stemmed the present tide. But we must guard the Future. The one power that will save the world is the true international living of the practical teachings of Jesus.

The task is only begun. On to the finish! Let me quote from the poem, "In Flanders Fields."

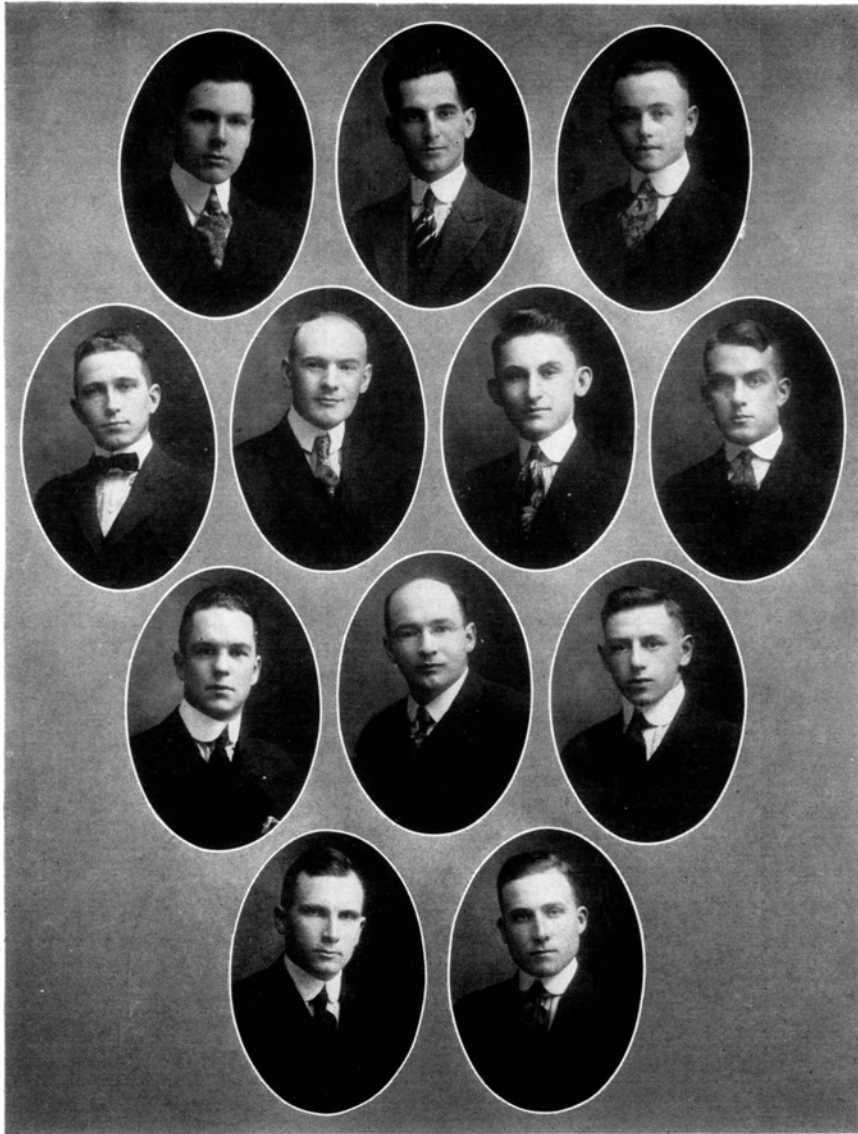

We are the dead. Short days ago,
We lived, felt dawn, saw sunset glow;
Loved and were loved and now we lie
In Flanders Fields.
Take up our quarrel with the foe,
To you from failing hands we throw
The torch. Be yours to hold it high!

There it is, our call to service. We, the living, must dedicate ourselves to the uncompleted task before us.

Let us resolve to, by God's help, forward the cause and give with the poet this answer to the call made above.

Because you live, though out of sight and reach,
I will, so help me, God, live bravely too,
Taking the road with laughter and gay speech,

Through the untiring efforts of the executive committee aided by the Professors of the College of Engineering and all the students of Engineering, the 1919 Exhibit far surpassed those of former years.

These exhibits are increasing in magnitude each year, and are recognized as an important educational factor by many of the most prominent engineers and universities of the country.

A series of illustrated technical lectures were delivered by noted visitors. Drawings, machines, and models, and artistic decorations were displayed, showing the work of the students of the different engineering courses.

The climax of the week was the Annual Engineers' Banquet held in the I. O. O. F. Hall on Saturday evening March 1, 1919.

Football Review

Northern, like every other Ohio college, was hampered by the general situation prevailing in the nation. Even more handicapped than some of her sister colleges, with larger student bodies, still the eleven she placed in the conference struggle, though not one which carried the Orange and Black to victory, established an enviable name for itself as a determined, spirited and sportsmanlike aggregation.

The first two games, though well played, were lost by moderately large scores. The third game was played at Cleveland against Western Reserve. Though in the short end of the score it was a great victory for Northern. The Cleveland Press was profuse in its praise of Northern's men, conceding them the right to the game, robbed only by the caprices of luck.

Full of confidence due to the fine showing against Reserve, Northern met Wittenburg in the doorway and held that splendid team to a 21-20 score, being nosed out of a victory in the last half minute of the play because of an unfortunate fumble.

The final contest was at Delaware where Wesleyan had little trouble in winning over Northern's crippled and battered eleven. We do not consider the season a failure. Northern never fails, although we sometimes do not realize our fondest hopes. But under more favorable conditions we expect a team next year which will command the respect and fear of every foe.

The Men

LENIX CRAIG SLEESMAN

Prof. Slesman very proficiently handles one of the most difficult jobs connected with college athletics. He is the faculty manager, which means he spends his time trying to make ends meet. The past season has been one of the most trying in years from a financial point of view. Several colleges have dropped inter-collegiate athletics for the duration of the war. The increased cost of transportation and of athletic goods have caused many a manager to sit up nights and worry. But Prof. isn't getting gray headed yet and he gets away with his task admirably. He has had lots of experience and a more efficient manager could not be found in the Conference.

"SHRIMP" MAGID

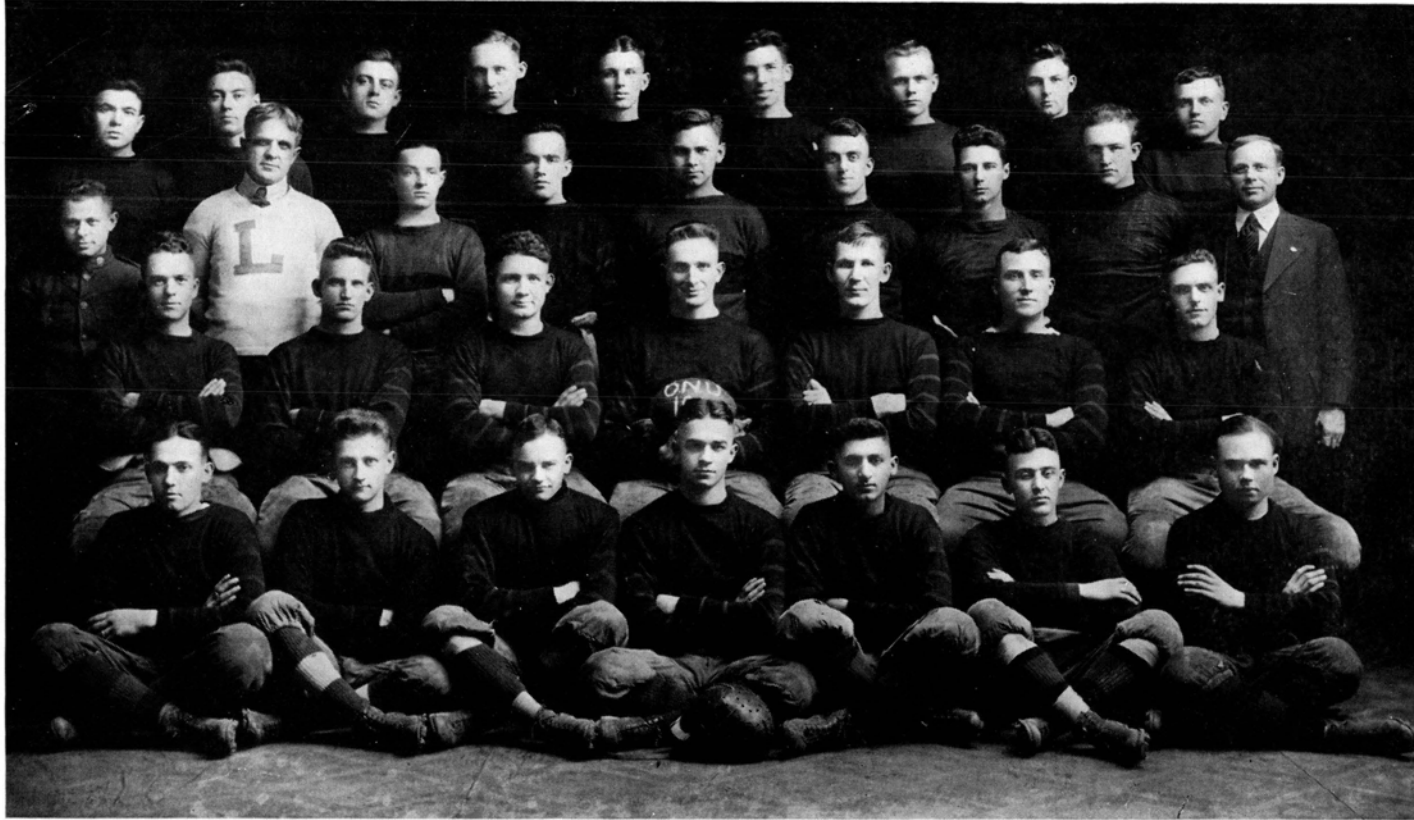

The duties of the student manager are many and arduous. But Magid handled them well and was Slesman's right-hand man in attending to the wants of the squad and arranging every detail in the management of the team. His work is greatly appreciated by the student body.

JOHN MANION

This big boy is one of Ohio's foremost athletes. Had Northern been more fortunate in winning games he would undoubtedly have been chosen a second time for a birth on the mythical All Ohio eleven. As it was he received honorable mention by several dopsters. John played tackle and also piloted the team. He was popular with the students and players, and his graduation is a loss which was keenly felt by all.

WINSOR McNALLY

"Mac" is the captain elect and well does he deserve it. A splendid end, and popular with the players, he will make an admirable leader for what promises to be a bear cat of a team in 1920. He is the fastest boy that ever ran down under a point. Power to him.

The Team

The Men

FLOYD LANDERS

"Pop" is another veteran who played a "bang up" game all year. He is consistent and a sure tackler and knows the game from A to Z. His specialty is cutting off end runs and grabbing forward passes. The only thing we have against him he graduates this spring. Trust to you "Pop," we'll remember you.

HOWARD HOBSON

"Hobby" was a great running mate for Manion. This pair made two of the best tackles in the state. None of the qualities to be found in this ideal athlete are lacking in this boy. He is aggressive and few plays went through him. We're awfully sorry to lose you, "Hobby."

WINSOR CLARK

"Tommy" at quarter was good, at half, better. He is a veteran and thoroughly understands the game. He played a steady game and was a great asset to the team. He also graduates this spring. We'll miss you, "Tommy."

CLAUDE GIPSON

"Tex" was a splendid halfback of the sensational type. In the Wooster game he electrified the spectators with a seventy-yard run. He ran the ends consistently and to good advantage. We'll have his services next year, and we expect big things from "Tex."

"SWEED" DAVIDBON

Here was an ideal live man. Nothing got through him. In a rummage, he frequently succeeded in getting a toe hold or a half-Nelson on whoever he could get his hands on, whether friend or foe. These tactics made him a much-feared Guard in Conference circles.

"PHIL" HOLSBERG

"Phil" was a little light but he made up in speed what he lacked in weight. He was a fast and dashing halfback and often placed his team within stationary distance of the goal. At Wesleyan, he distinguished himself by making several long runs. He was also a good quarterback, playing at that position in the last game.

The Men

"DAVY" LIDDLE

Another light but fast backfold man. For all his lack of weight, "Davy" could hit the line and hit it hard and no one ever tackled him from behind. He was a good defensive man, too, and seldom needed a tackle. He'll be back next year to fight for the Orange and Black.

ELI MAIN

Eli made a splendid fullback. Though inexperienced in College football, he put **up** a splendid article all season. He was a hard line player and could certainly be relied upon to gain ground. He was good at backing up the line in defense, too. He is a local product and one of Ada's best.

BERNARD KATES

As a quarterback, Kates was a bear. He piloted the team with good hard work and good judgment. He could skirt the ends himself or squeeze through the line. He was a good broken field runner and made many a yard for his team by receiving back punts.

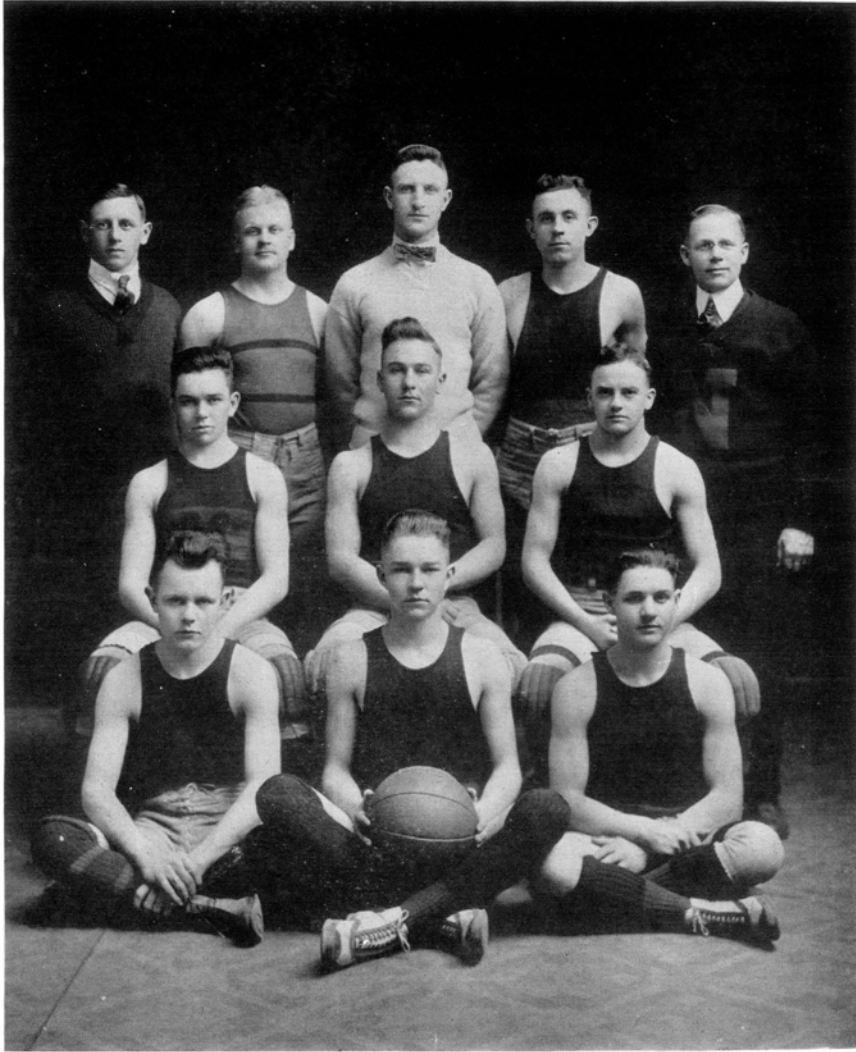

G. M. FISHER

"Fish" was a good steady man at center. His passes were sure and accurate and on the defense he broke up many a play before they got started. This man never gave up nor considered himself beaten until the last whistle. He was in the game every minute and fighting all the time.

Pealer, Paine and Kowaless are three men who deserve special mention. While not awarded the official "N" because they are Freshmen, they participated in most of the games and played stellar football. Pealer was a fullback of the lunging, vicious type, a man whom opponents feared to tackle. Paine a heavy, reliable guard and Kowaless a snappy, scrappy center. This trio will be invaluable to next year's team.

Basketball Synopsis

The task of developing a basketball team was begun in the face of overwhelming odds. With but one of last year's men around which to build the team, and few candidates to select from, Coach Corbett succeeded in putting out as good a five as was possible under the circumstances. The squad was handicapped by a shortage of men and a place to practice, as Brown Gym was closed for some time, being occupied by the S. A. T. C.

From a standpoint of games won and lost the season was disastrous as all the games were lost. But good men were developed and trained by playing in Conference games and with the wealth of splendid material from the freshman class who will return next year, Northern cannot fail to have a team which will more than redeem this year's record and will undoubtedly be one of the strongest contenders for the Conference title.

It must also be remembered that most of the teams which registered high scores on Northern were the strongest in the Conference and composed largely of seasoned veterans. Nine games were played and lost, the victors being, Wittenburg (two games), Wooster, Akron, Baldwin-Wallace, Wesleyan (two games), Heidelberg, and Ohio.

In conclusion, let us "let the dead past bury the dead" and look forward hopefully to next year's promising season.

The Men

"JEDD" CORBETT

The splendid athlete was Northern's Coach and Captain. His services were lost to the team for the first part of the season, due to sickness, which prevented him doing justice to himself and the squad. Could we have had the benefit of Corbett's work for the entire campaign the team would have made a much more creditable showing. As a coach, he was very proficient and he had the confidence of every player. When he played it was at center and here he put up the same steady game of the two previous years. We regret the loss of one of Northern's best athletes.

"JOHNNY" REILLY

The lad lives on basketball. He would much rather play the game than anything else in the world. He always played like he enjoyed it. Johnny was a fast forward and the highest scorer on the squad, which is quite a distinction. He played every game and was always a hard worker. This being his first year, he will be with us next season.

EARL DAVIES

"Davy" played in the team but don't blame him for that, he didn't have anything else to do, so he might as well spend his time that way as any other. He was a reliable guard, his opponent never getting more than ten baskets in one game. He was fast and when he went for the ball he usually got it.

"DEWEY" ACKERMAN

You could always tell when "Dewey" was going to play for he would not shave for a week previous to the game. They say he worked the hidden ball trick several times. He was little but fast and elusive and always following the ball. He will likely be at Northern for several years yet.

The Men

"GEORGE" BOTKINS

George played too. He always had a good time and never got out of humor; even when Northern lost. The ladies all admired George's light flowing hair and thought he was such a striking figure on the floor. Rut "Boty" was fast and furious when he played and had a splendid eye for the basket from the foot line.

"CHICK" HARPER

As a basketball player, he is a good slide trombonest. But he survived the season and that's a point in his favor. Throughout the season he played every position in the team, center, guard and forward and performed equally well (?) in every capacity. His basket shooting in the last half of the second Wittenburg game was a decided feature.

"TROY" TROSTLE

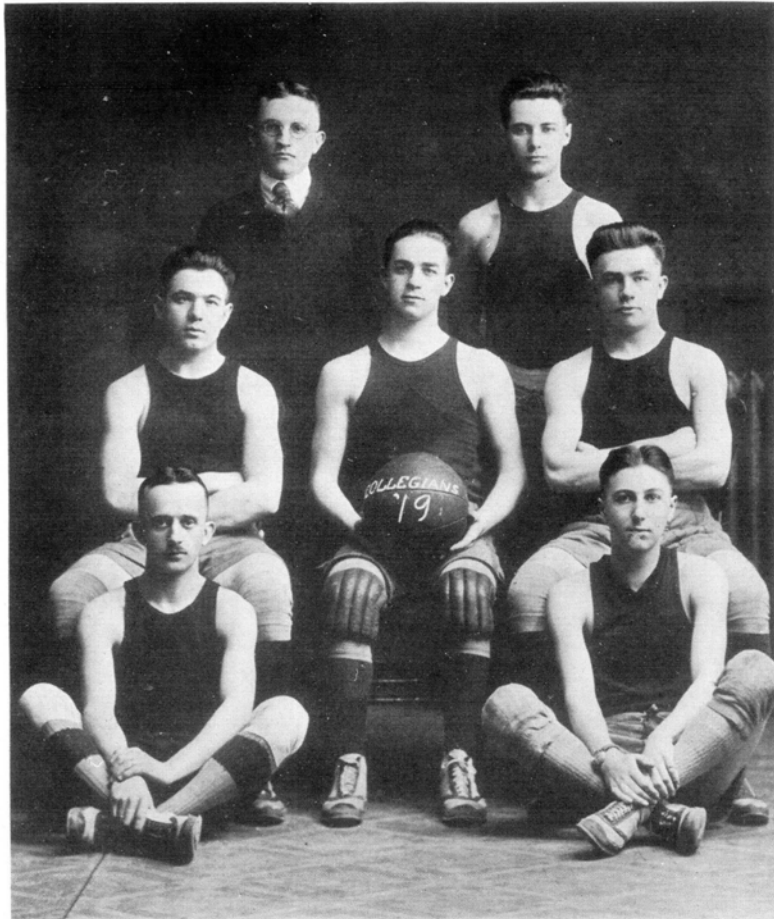

"Tros" had a good time playing too. He never believed in over-exertion and consequently never over-exerted himself. When he would take a notion to play he could go as fast as his opponent and it took a good man to get away from him. He will be back with us another year.

"HEINIE" SILVERMAN

Don't forget "Heinie," we're proud of him. His chief aim as manager was to save money for Prof. Sleesman, but he always went in debt, for if there was any money left after the expenses the fellows would borrow it and that was just the same as spending it. Rut "Heinie" was a good manager and everybody liked him.

Eastern Collegians

Organized in January, 1919, the Eastern Collegians played some of Ohio's best independent teams and won a name for themselves and Ohio Northern University.

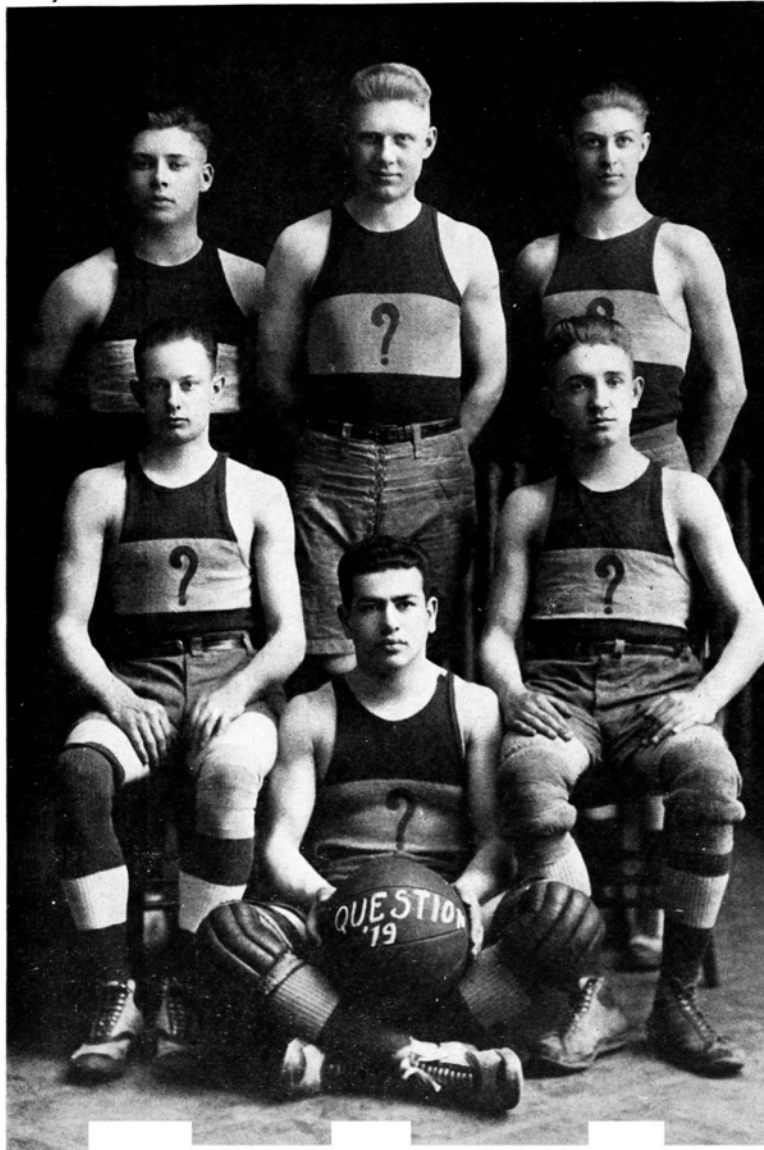

On the team were: Bernard Kates, captain and forward; W. S. Parson, forward and guard; Wilbur Forman, forward; Anthony Berta, center; M. Hubert Kowalek, guard; Bernard Miller, guard; and Raymond S. Lyman, manager.

Results of games:

Collegians, 30.....Lima Grace, 31	Collegians, 40..... Spencerville, 25
Collegians, 25....Lima Mikadoes, 40	Collegians, 26....Ada Questions, 12
Collegians, 34.....New Bremen, 21	Collegians, 44..... Pandora, 41
Collegians, 25..... Beaverdam, 19	Collegians, 18.....Kenton Reds, 19
Collegians, 42.....Ottoville, 20	Collegians, 35..... New Bremen, 18
Collegians, 31.....Lima Mikadoes, 22	

With the exception of the second Mikado and the Question contests, all games were played on foreign courts.

By defeating the Questions, the Collegians won the independent championship of the university and Ada. The team was composed of Freshmen of the school and with these men back next year the varsity will have some strong candidates.

The "Questions"

The "Questions," composed of Northern freshmen were organized just before the holidays and played several games throughout the Season, defeating some fast independent teams of Northern Ohio. They also rendered a great service to the school by faithfully scrimmaging with the Varsity squad.

The personnel of the team consisted as follows:

George Bayman, forward, of La Rue High.

Robert Darnell, forward, Ada.

Donald Downing, Belle Center, playing center in place of Fisher who was forced to quit, due to an injured knee.

John Roth, guard.

Harry S. Siegel, captain and guard.

Robert Allen, as sixth man completed the organization.

The scores of the "Questions" season are as follows :

Questions.	20	Dunkirk	9
Questions.	41	Dunkirk	20
Questions.	47	Dunkirk	16
Questions.	24	Kenton Tigers..	28
Questions.	24	Bluffton	22

Moon (in a wondering tone)—“Isn’t it funny how the biggest muts always get the best girls?”

Garland Dear—“Oh Argyle, now don’t flatter me that way, please.”

Prof. Harper—“Mr. Wetherill, can you name the different people who can't contract?”

Wetherill—“Yes; idiots, infants, and drunks.”

Prof. Harper—“One more that develops from those you have just mentioned, please.”

Wetherill—“Oh yes! Woman is the other.”

Heard after an S. N. T. C. returned home:

“How was the trip over, Jack?”

“Rough as thunder.”

“Did they feed you well?”

“Six meals a day.”

“Six?”

“Yes, three down and three up.”

Mr. Huff, of Plain City, Ohio—“Shall we get Frances a carriage or an automobile?”

Mrs. Huff—“Oh, she wrote me the other day that she stole a Hack out there at O. N. U. Might as well let her keep ‘him.’”

Prof. Schoonover in Church History Class—“This little book on Church History will reveal half of the entire religious world to you.”

“*Deacon*” Jones, a would-be minister—“Could you teach two sections of this class, Prof.?”

Prexy, at Midway—“Do you serve lobsters here?”

Accommodating Waiter—“Yes, sir, we serve everybody. Have a chair.”

The following was contributed (?) by "Daddy" Parsons, with all due apologies to our great American poet.

ME AND MY MISS CARRIE

It was only a week or so ago,
In a college far from the sea,
That a maiden there taught whom you may know,
By the name of Miss Carrié.
And this maiden she taught with no other thought,
Than to teach and be taught by me.

I was a prof and she was a prof
In this college far from the sea.
And we taught with a teach that was more than taught,
I and my Miss Carrié.
And the students she taught thought no more of her
Than was thought of her by me.

And this was the reason that, weeks ago
In this college far from the sea,
A time there came and a chance, then too,
For me and my Miss Carrié,
At a banquet for all of a science mind
To provide for herself and me.
So I asked her to please be mine that night,
At this feasting far from the sea.

The students, not half so happy in school,
Went envying her and me.
Sure! that was the reason she promised me so
(In this college far from the sea)
Then a breeze blew over her dreams one night
And suddenly she loved me.

But our love, it was sweeter by far than the love
Of those who were younger than we—
Of many more sweeter than we—
And neither the richest men under the sun
Nor the profs that envy me,
Can ever persuade me to eat with one
If she's not my Miss Carrié.

No! I never could eat, neither sour nor sweet,
 At the banquets way far from the sea,
 Tea is not good, the spuds are not food,
 If I'm not with my Miss Carrié.
 And so all my days, I'll dance while she plays,
 I'll take charge of her "match," and I'll burden her frays,
 I surely have gained my Social Degree,
 For now they all know us by "me and Carrié."

Reynolds—"Why do you have all these guns and rifles in your room, Alice?"
 Miss Wilcox—"You know I always like to have arms about me."

The Johnson'House slogan :
 "We work like Helen R. Happy."

Dr. Davison (in Psychology class)—"Let's see, Fisher, you were raised on a farm, weren't you?"

Fisher (waking from a half-hour snooze)—"I don't exactly know if I was raised on a farm. I lived on one all of my life though."

Soliloquy by B. L. Wagner—"The bells may ring, but did you ever hear a banana peal?"

Senior—"Prof. told us in our Biology class that we were descendants of the monkey, about third cousins I presume."

Freshie—"Oh that's nothing. He told us we were brothers and sisters to them."

Senior—"Of course that was a different class."

Miss Dutch—"Do you know that guy 'Fish'?"

Her Dad—"Yep, why?"

Miss Dutch—"I'm going to drop him a line, that's all."

A REEL IN FIVE ACTS ENTITLED "WHERE AM I?"

Act I, Scene I—Enter bashful Prof. Steese on the finely polished K. of P. dance floor. Ladies galore in attendance, all seemingly having a good time. Only members of feminine sex are present.

Act 11, Scene I—Steese sits down and observes the mirthful jollity of the party.

Scene 11—One young lady glances at Steese.

Act III (Immediately following). Steese immediately turns his chair so they cannot *see* his face.

Act IV—Voices plainly heard in the crowd. Some sound as follows—"Wish he'd have sense enough to beat it."

Act V, Scene I—(Commotion ceases)

Prof. Steese—"Pardon me. Isn't the dance here tonight?"

A pretty girl—"Goodness' sake no. This is a sorority tea party."

Scene II—Steese grabs his hat, and observing the nearest door, takes three steps and is on Main street.

(Finis)

Moral: It doesn't pay to be bashful.

THINGS THE STUDENTS WOULD LIKE TO SEE AND HEAR AROUND NORTHERN

Moon's Garland when she isn't carrying his cap.
Prexy when he breaks his New Year's resolution.
A student come back from Lima without a suitcase.
Miss Schubert when Specht isn't watching her.
Dr. Davison speak on Democratic-Democracy.
The two people who told Prexy that Prof. Schoonover favored dancing.
Miss Vance walk up town "all alone."
The Charter of the Clutter House Fraternity.
The Lover's Lane of O. N. U.
The Ada Short Line extended as far as Alger.
The lawyers come to class on time.
Miss Wilson get a husband.
The Boys' Glee Club recital.
The reason Clifford keeps company with Miss Helms.
The school song sung at least once a year.
O. N. U. when two thousand students attended.

AS WE READ IT NOW

Backward, turn backward, Oh Time in your flight,
Make me a soldier boy, just for tonight !
Autos, come back here from Lima once more,
Bringing 'long with you fair maidens galore;
Bring to my memory the first bugle call,
Help me to think about Commandant Ball.
Whether you come here from near or from far,
Ask me to ride, girls, and I'll drive the car.

Backward, turn backward, to days of retreat,
Show me the girls I've had pleasure to meet,—
Give me those Cadillacs, Hudsons, and Fords,
Take these old rifles and pistols, and swords,—
Tell the good sergeant I'm out on a "leave,"—
Cannot be back until next Sunday eve.
Step to the street as an auto goes by,
We're out for a ride then, just she and I.

I'm tired of life I am now going through,
Stung every day by a dozen or two,
Passed all unnoticed by day and by night;
I tell you, sweet maidens, this life is a fright.
Oh why do you treat me so cold and forlorn
Just simply because I've no uniform?
Then surely you'll never my pleasures debar,
Just ask me to ride, girls, and I'll drive the car.

The New 1½ Ton Grammm-Bernstein

This is the first 1½-ton truck we know of that combines all the elements which make a successful truck.

On it has been concentrated the longest truck manufacturing experience in the business.

It meets, as we believe no truck has ever met before, the demand for a thoroughly reliable, long-lived, low-cost truck of this capacity, at an attractive price.

In every way it is worthy of the good name of Grammm-Bernstein.

The Grammm-Bernstein line of trucks is complete, embracing all required capacities from 1½ tons to five tons.

The Grammm-Bernstein transniission is of special design, with gears continuously engaged and completely safeguarded from damage through careless or inexperienced gear-shifting.

The Shirt You'll Buy

Full-cut to give your muscles play and your body a chance to "breathe"—it contributes more than its share to physical comfort and peace of mind. There's something akin to good fellowship in the friendly feel of a RACINE Flannel Shirt—like the companionship of a faithful dog or a seasoned pipe.

An American-Made Shirt for American Men in Every Walk of Life

For OFFICE and INDOOR WEAR the Racine Flannel Shirt is dressy and neat. Looks well with or without a coat. May be worn with collar high or low.

For OUTDOOR SPORTS—golfing, motoring, shooting, fishing—it offers warmth and comfort, freedom of movement, handsome appearance. It's the healthful outdoor shirt.

As a WORK SHIRT it stands at the head of its class. It wears like pigskin, and holds its shape and color as long as there's a thread of it left.

It's the Popular Shirt at a Popular Price

WE HAVE YOUR SIZE—Before you buy *any* flannel shirt see the RACINE. You'll like it immensely. It's the kind of shirt you hate to throw away when you finally wear it out.
